

SIEMENS

Albatros2

Controller, HMI and accessories

Range Description

Albatros2 product range

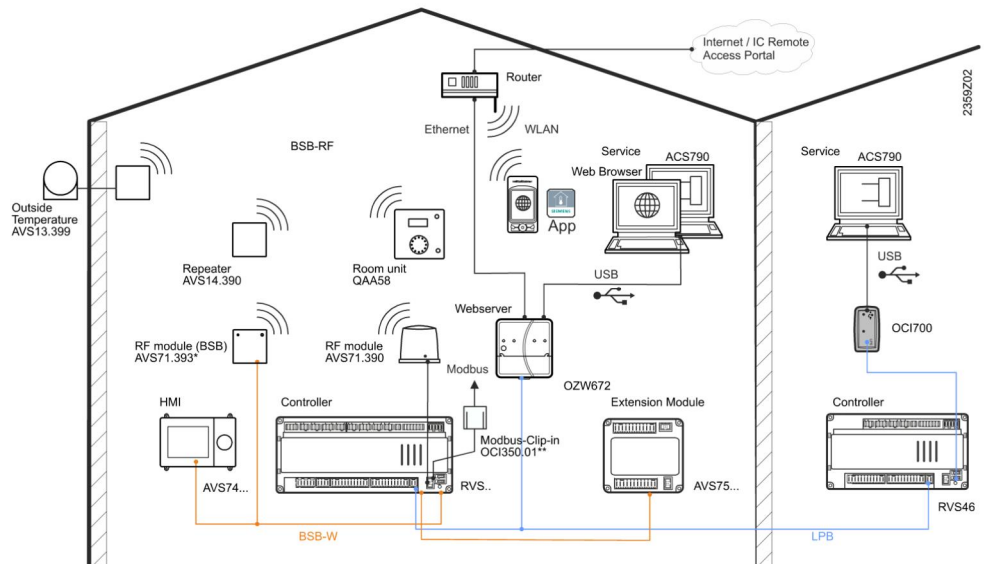

Albatros2, or:

- Intelligent control functions for the highest level of energy efficiency.
- Complete product range for all tasks in the heating segment.
- Scalable, modular concept for simple to complex plants.
- Modern communications and visualization.
- Peripheral devices featuring RF or wired communications.

Wired

Wireless

* RF module and RF Module BSB as alternatives only.

** RF module and OCI350.01 as alternatives only.

Controller

4) Without ventilation function

Albatros2 communications

Albatros2, communications, means:

- Modern communications and visualization.
- Access up to the controller's energy savings functions.
- Apps for mobile end devices.
- Design by drag&drop own Web plant visualizations.
- IC Remote Access Portal

Climatic conditions (operation)	-20...60 °C	0...50 °C	-20...50 °C	0...50 °C	0...50 °C
Dimensions (L x W x T)	76 x 55 x 20 mm	54 x 90 x 57 mm	76 x 55 x 20 mm	71 x 56 x 67 mm	96 x 96 x 40 mm
Weight	54 g	76 g	35 g	54 g	115 g
Documentation	Controller manual	A6V10774679_en	Controller manual	CE1U2358en	CE1U2358en
Packaging unit	20 pieces	20 pieces	1 pc.	20 pieces	1 pc.

* RF module (AVS71.390) and RF module BSB (AVS71.393) as alternative only

Housing, covers, spacer

Wall-mount housing AGS7A.100	
	<ul style="list-style-type: none"> • 1 controller with width 181 mm • 2 controllers, 109 mm in width • HMI AVS37...
Blanking cover AVS38.291	
	<ul style="list-style-type: none"> • e.g. with AGS7A.100 • Dimensions: 138 x 92 mm
HMI cover (rear side) AVS92.290	
	<ul style="list-style-type: none"> • For AVS37.x9x (not AVS37.390) • Dimensions: 116 x 86 mm
Spacer AVS92.280/109	
	<ul style="list-style-type: none"> • For extension module AVS55.19x • For mounting on the basic module (RVS21...)

Power section

Power supply AVS16.290	
	<ul style="list-style-type: none"> • Boiler control panel for floor-standing boilers • Is connected using the supplied 5-pin plug to the controller's power input. • Additional information is available in CE1U2358en

Demo case

Demo case KF8921.1	
	<ul style="list-style-type: none"> • Demo case for heat pump controller RVS61 • Includes, in addition to the room unit QAA75, the RF module AVS71.390, as well as potentiometer for plant simulation. • Case dimensions: 47 x 44 x 20 cm (L x W x D) • Case weight: 8.5 kg
Demo case KF8900	
	<ul style="list-style-type: none"> • Demo case for heating controller RVS... • Includes, in addition to the room unit QAA75, the RF module AVS71.390, as well as potentiometer for plant simulation. • Case dimensions: 47 x 44 x 20 cm (L x W x D) • Case weight: 8 kg

Additional information

Albatros2 documentation landscape

This product range description is a component of the Albatros2 documentation landscape.

Documentation type	Content
User guides for Albatros2 controllers [code letter U]	Hardware and parameter description of controllers (see as well Section "Controller [→ 3]", line "User's Guide")
User guides for Albatros2 operator, room, and peripheral devices [code letter U]	Mounting and operating instructions, parameter description, and technical data in CE1U2358en_xx
User guides for Albatros2 room and operator units (QAA74, AVS74) [code letter U]	Mounting and operating instructions, parameter description, and technical data in CE1U2348en.
Cross-product range basic documents [code letter P]	e.g. "Hydraulic partial diagrams and supplemental functions"
Sensor datasheets [code letter Q]	Technical data and functions (see Section "Sensor [→ 17]", line "Datasheet")
Product inserts [code letters B and G]	Delivered operating and mounting instructions
Environmental declarations [code letter E]	Material product components, environmental compatibility, and compliance with environmental laws (e.g. RoHS)
CE declaration of conformity [code letter T]	Declaration on the compliance with applicable electrical standards.

Additional support

For questions on the described products, please contact your point-of-contact at the responsible Siemens offices.

Notes on disposal

The following notes apply in the event that disposal is required when exchanging individual components (e.g. AVS13.399 or QAA55/58) as part of a service call:

Individual components without batteries

 	<p>The device is considered an electronic device for disposal in accordance with the European Guidelines and may not be disposed of as domestic garbage.</p> <ul style="list-style-type: none">• Dispose of the device through channels provided for this purpose.• Comply with all local and currently applicable laws and regulations.
--	---

Individual components with batteries

 	<p>The device is considered an electronic device for disposal in accordance with the European Guidelines and may not be disposed of as domestic garbage.</p> <ul style="list-style-type: none">• Dispose of the device through channels provided for this purpose.• Comply with all local and currently applicable laws and regulations.• Dispose of empty batteries in designated collection points.
